STJ 3180, Valletta, Malta (Home)

ABOUT ME

Highly skilled professional with over five years of diverse experience in Business Development, Management, and Software Engineering. Possess hands-on expertise in designing and building scalable web applications, with a strong proficiency in full-stack development using technologies such as JavaScript, React, Node.js, Typescript and MongoDB. Proficient in collaborating with cross-functional teams to deliver high-quality solutions, while maintaining a passion for writing clean, efficient code. Continuously committed to expanding technical knowledge and mastering the full software development lifecycle, from design and implementation to testing and deployment.

WORK EXPERIENCE

17 NOV 2016 – 10 FEB 2017 Yola, Adamawa State, Nigeria
DATA AGGREGATOR ADAMAWA STATE GOVERNMENT

Responsibilities includes systematically gathering, verifying, and organizing data through various methods, ensuring its accuracy and completeness. I perform data quality assurance, create detailed reports, and uphold data privacy and security standards while collaborating with teams to fulfill their data requirements.
