ABOUT ME

Highly skilled Professional with a lustrum worth of experience in Business development and Management. I am equipped with the necessary skills and deep understanding of the software development lifecycle, from design and implementation to testing and deployment .

WORK EXPERIENCE

[17 Nov 2016 – 10 Feb 2017]

Data Aggregator

Adamawa State Government   www.adamawastate.gov.ng

City: Yola, Adamawa State | **Country:** Nigeria | **Name of unit or department:** Ministry of Budget and Economic Planning | **Business or sector:** Public administration and defence; compulsory social security

Responsibilities includes systematically gathering, verifying, and organizing data through various methods, ensuring its accuracy and completeness. I perform data quality assurance, create detailed reports, and uphold data privacy and security standards while collaborating with teams to fulfill their data requirements.

[1 Nov 2018 – 28 Jul 2021]

Managing director

Excelyn Water Company

City: Lagos | **Country:** Nigeria | **Name of unit or department:** Managerial Role | **Business or sector:** Manufacturing

Delivered strategic leadership, oversee financial management, lead the executive team, ensure operational efficiency, drive business growth, engage with key stakeholders, ensure compliance and risk management, and uphold ethical standards to guide the organization to success.

[18 Oct 2021 – 6 Nov 2023]

Software developer

Freelancer   www.oghenero.dev

City: Lagos | **Country:** Nigeria | **Email address:** Hello@Oghenero.dev | **Name of unit or department:** FullStack

Designing and developing web applications from front-end to server-side, creating user-friendly and visually appealing interfaces, managing databases, developing APIs, ensuring code quality, security, and performance, collaborating with cross-functional teams, and documenting the entire system architecture.

[8 Jan 2024 – 30 Mar 2024]

Front-end Developer

Entelligence   https://entelligence.uk/

City: Lagos | **Country:** Nigeria

Collaborated with the development team to design and build client-side prototypes. Engaged with clients throughout the development process to ensure their requirements were met. Translated client feedback into functional and user-friendly prototypes, and rigorously tested them to meet client specifications and quality

standards. Worked closely with UI/UX designers who designed the final product based on the built prototype.
